## Mission Statement of Kurz Altmetalle AG

### The Task

Collecting and processing recyclable material and waste of all kinds is not only our duty, it is our passion. The resulting materials are prepared and presented according to our customer's requirements.

### The Secret of our Success

Our success lies in perseverance, spontaneity, efficiency and endurance, without losing our enthusiasm. Working consistently with pleasure, fairness and using the latest technology leads to enthusiastic customers, enthusiastic employees and an enthusiastic company.

### The Supplier and Customer

Our suppliers and customers come first. They are more than just our partners. We strive for long-term relationships with each one of them. We constantly monitor prices, quality and deadlines, making necessary corrections on an ongoing basis.

### The Employee

We maintain an equitable workplace with a familial atmosphere with each other. We support and help each other in the knowledge that only in a team can the task be fulfilled. The protection of health and occupational safety is very important to us, and the necessary measures are given the highest priority.

### The Executive Board

We strive to achieve profits and use them for the continuous development of the company. Every goal that we can imagine is achievable. We are a secure and socially responsible employer.

### Sustainability & Safety

We commit ourselves to operate in a sustainable manner and will continue to bring efficiency and ecologically sound improvements. Safety is our top priority in all our actions.

### Laws & Authorities

We are open and transparent with the authorities. We work lawfully.
